**Reading**

H	<b>Read the following text and answer the questions.</b> As a young boy, Edison was very interested in science. He was very energetic and always asked questions. Sadly, young Edison lost his hearing at the age of 12. He did not attend school and learned science by reading books in the library himself. When he grew up he worked in different places, but he never lost his interest in making things. Edison was famous for doing thousands of experiments to find answers to problems. He said, "I never quit until I get what I'm after". Edison had more than 1,000 inventions and was very successful at the end of his life. 24) Edison lost his interest for making things when he grew up.      True <input type="checkbox"/> False <input type="checkbox"/> 25) Edison never asked questions and he solved the problems.      True <input type="checkbox"/> False <input type="checkbox"/> 26) Why did Edison leave school? -----	1
I	<b>Read the following text and answer the questions.</b> Sewing machine was one of the most important inventions in the 19th century. Before the sewing machine was invented, it took about two hours to make a pair of pants. With a sewing machine it was possible to make the same pair of pants in 38 minutes. Such a great invention was so useful and developed different kinds of clothes. It helped <b>tailors</b> to make about one thousand pairs of pants or any other clothes in less than one months and it also changed the price of the clothes because it was easier and it took less time to make them. Now tailors were selling their products for a lower price. 27) With sewing machine, tailors could make about one thousand pairs of pants in less than a week. True <input type="checkbox"/> False <input type="checkbox"/> 28) This great invention developed different kinds of clothes.      True <input type="checkbox"/> False <input type="checkbox"/>	3
