4	<p>There are animals living all around us. We can see animals in all sorts of places. We see animals in parks and in our homes. Another place to see many animals is at a zoo. Zoos have zookeepers to take care of the animals which live there. Zookeepers work hard to keep animals happy and healthy. Healthy animals can live for a very long time.</p> <p>One group of the same kind of animals can die out if people hunt too many of those animals. Normally before this happens, we put those animals on a special list. The name of this list is the "endangered species list". This list helps people know the need to protect the animals and care for things in nature. Animals are endangered when there are few of a species left in the world.</p> <p>58.
